Note: This is only a small sample of the conditions we treat.

Your Hands Are Vital

Kleinert Kutz Hand Center is the largest and the oldest hand surgery practice in the United States. We are the birthplace of hand surgery and the first of many groundbreaking surgeries including the first successful: hand transplants, Zone II Tendon repair, digital artery repair, cross hand transplant, toe to hand transfers, free epiphyseal transfer, total distal radial joint replacement, total wrist resurfacing and replacement.

Our team of physicians are fellowship trained orthopaedic, general and plastic surgeons who have completed specialized training in hand and microsurgery. Recognized around the globe as experts in the field, our surgeons have treated people who have traveled thousands of miles for our specialized care.

From minor discomfort to carpal tunnel, to arthritis or major injury, we understand how significantly your life is affected when you are not able to use your hands or arms fully.

Your hands are vital. Why would you trust them to anyone but the best?
