Your Hands Are Vital

Kleinert Kutz Hand Center is the largest and the oldest hand surgery practice in the United States. We are the birthplace of hand surgery and the first of many groundbreaking surgeries including the first successful: hand transplants, Zone II Tendon repair, digital artery repair, cross hand transplant, toe to hand transfers, free epiphyseal transfer, total distal radial joint replacement, total wrist resurfacing and replacement.

Our team of physicians are fellowship trained general and plastic surgeons who have completed specialized training in hand and microsurgery. Recognized around the globe as experts in the field, our surgeons have treated people who have traveled thousands of miles for our specialized care.

Your hands are vital. You use them to eat, to work, to drive, to care for yourself and others. You use your hands to survive. Why would you trust them to anyone but the best?
